## 10 TIPS FOR A GOOD RELATIONSHIP

*Following are ten tips from  
Love 'n' Kisses to help your  
relationship stand the test  
of time.*

### **1. Friendship.**

Passion can eventually fade but if you have a great friendship, your relationship is more likely to stand the test of time.

### **2. Laughter**

Laughter is the foundation for every great romance! Don't be too serious and always try to see the light side of an ugly situation.

### **3. Compromise**

Just about every relationship involves compromise of some form. Try putting yourself in your partner's shoes, and sometimes, just do things because you know it will make them happy!

### **4. Trust**

Trust might have to be earned but if you don't trust your partner from the get-go, things can go down-hill very quickly!

*It's the quality of time you spend  
together that's really important..*

### **5. Communication**

Communication is probably the most important element to a great relationship. Find common interests to talk about, and just get into the habit of sharing even the little things (even if you don't think they're very important!).

### **6. Shared Dreams**

A shared vision of what you both want from the future can help make sure you're on the same wavelength, and also ensure there are no nasty surprises in the future.

# The Love Book exciting and new!

The Love 'n' Kisses Book of Romantic Ideas is filled with 365 romantic ideas to last you every day of the year.

A labour of love for author and Love 'n' Kisses founder Anthony Rumble, the book took over six months to complete.

"I was determined to come up with most of the ideas myself, rather than rehash other peoples' ideas from the Internet," Anthony said.

"In the end, I did include suggestions from other people but I am proud of the fact that I came up with at least 300 of the ideas that are featured within the book. I hope that people have as much fun reading them as I had writing them."

This book is the first in a series that will grow to include 'The Love 'n' Kisses Guide to Romance', and both the Sydney and Melbourne books of romantic things to do.

## STARS WHOSE LOVE HAS STOOD THE TEST OF TIME

Hugh Jackman and Deborra-Lee Furness met while co-starring in the Australian TV series 'Corelli' in 1995, and married in February 1996. The pair have been together ever since and have adopted two children together; Oscar Maximilian and Ava Eliot Jackman.

### 7. Time Together

It's not the amount of time but the quality of time you spend together that's really important. So make sure your time together is special to you both, and not just sitting on the lounge watching TV.

### 8. Appreciation

It's easy to fall into a pattern where you take your partner for granted. Don't forget to keep doing the quirky little romantic things that remind your partner how important they are to you.

### 9. Commitment

In our disposal society, it seems to be so easy to just walk away from a relationship when things get tough. The reality is, relationships can be tough, and you have to realise and accept that not every fight is going to lead to a break-up. Commitment means sticking it out, through good times and bad.

### 10. Fight Fair

Keep your punches above the belt, and don't say things you know you'll regret later.
